

The Practice of Classical Palmistry, 2000, Madame La Roux, 8120817176, 9788120817173, Motilal Banarsidass Publishe, 2000

Gypsies have been reading palms for hundreds of years and everyone knows that they can tell you the future. Madame La Roux is a bona fide gypsy who has traveled the country and read thousands of palms. In this fact-packed book, she teaches you how to get information from the lines, the fingers, the thumb, the bumps and knots, the hills and valleys of the palm--so you can accurately predict the future for yourself and for your friends. It is an easy-to-learn technique, and she provides pictures of hands and lines, present case studies, checklists, and supplies worksheets that enable you to quickly grasp the overall meaning of all of the features of the hand. Also included are instructions for making good palmprints. This is the book to have if you want to learn to read the palm!
